BrightPath Tech

Fast, affordable, simple

Response to RFP-2026-017: Cloud Procurement & Supplier Management Platform for Meridian Manufacturing Ltd. FICTIONAL document for training use.

1. Executive Summary and Understanding of the Requirement

BrightPath Tech offers Meridian a ready-to-use procurement platform at the lowest price in the market and can go live in 4 months.

Our product is a multi-tenant web application that covers supplier onboarding, quotations and basic reports.

2. Proposed Solution and Approach

Solution. A configurable multi-tenant web application hosted in a single cloud region. Standard workflows are included; custom workflows are possible but not detailed in this response.

Integrations. We provide CSV import and export and a basic API. ERP connectors can be built if required.

3. Timeline, Team and Milestones

We will complete the project in 4 months with a team of 4 (project lead, two developers, one tester). A detailed plan will be shared after contract signature.

Milestone	Month	Deliverable
Kick-off	1	Configuration workshop
Pilot	3	Pilot at one plant
Go-live	4	All plants

4. Price and Assumptions

Item	Cost (USD)
Licence, years 1-3	120,000
Implementation	70,000
Training	20,000
Total (3 years)	210,000

Assumptions: Price is indicative and based on a standard configuration. Integration work and data migration are not included.

5. Security, Compliance and Risk Controls

BrightPath follows industry-standard security practices and encrypts data in transit. Formal certification is planned for next year. Details of access controls and audit logging can be provided later.

Risks. The aggressive schedule and the small team are the main risks.

6. Support Model, Experience and References

Email support is available on business days with a response within 2 business days. BrightPath was founded 2 years ago and has completed 3 projects, none yet in manufacturing.
