Orbit Digital

Fifteen years of procurement transformation

Response to RFP-2026-017: Cloud Procurement & Supplier Management Platform for Meridian Manufacturing Ltd. FICTIONAL document for training use.

1. Executive Summary and Understanding of the Requirement

Orbit Digital has delivered procurement platforms for 40+ enterprise clients over 15 years, including 12 manufacturers similar to Meridian. We propose to bring that experience to this programme.

Our platform covers sourcing, supplier management and contract lifecycle, delivered as a cloud service.

2. Proposed Solution and Approach

Solution. A mature cloud platform with a broad feature set. Specific integrations with Meridian's systems will be defined during discovery and agreed with Meridian's IT team.

Technical approach. The technical approach will be finalised after discovery. Orbit will work with Meridian to identify the best way to connect the platform to existing systems.

3. Timeline, Team and Milestones

We expect the project to take 7 to 8 months, depending on the outcome of discovery. The team will be assembled from our delivery pool; named resources will be confirmed at contract.

Milestone	Month	Deliverable
Discovery	2	Findings and recommended approach
Implementation	3-7	To be agreed
Go-live	8	Rollout

4. Price and Assumptions

Item	Cost (USD)
Licence, years 1-3	190,000
Implementation services	130,000
Training	40,000
Total (3 years)	360,000

Assumptions: Price assumes a typical integration scope. The final price will be confirmed after discovery.

5. Security, Compliance and Risk Controls

Orbit is SOC 2 Type II compliant and encrypts data in transit and at rest. Security policies are reviewed annually. Penetration test summaries are available on request.

6. Support Model, Experience and References

Orbit has delivered procurement platforms for 40+ clients over 15 years, including 12 manufacturers. Support is available 24x7 for severity 1 issues with a 2-hour response and an account director.

References. Four client references are provided: Northfield Steel, Kestrel Packaging, Almeda Foods and Vantor Automotive, each with a named contact and a project summary.
